BENTLEY

Koenigsegg

"Thank you so much for the excellent snood for my little red car, it fits perfectly and will keep her warm during this cold winter... I like your snoods so much that I would be most grateful if you could make me a silver one to match the silver bodywork of my Porsche RS61."

Sir Stirling Moss O.B.E.

"My first experience of the covers was turning up at Windsor Castle and seeing my 1957 BMW 507 car and two of my racing motorcycles wearing Classic Additions rain covers. Whether they are wearing the superbly tailored soft cover or the equally well fitting rain cover, the cars and bikes still look attractive with a high degree of presentation. Thank you."

John Surtees C.B.E. 1934-2017

About us	22-23

A car cover individually made to the customer's unique requirements, suitable for indoor use only, made from a soft durable fabric designed to hug the contours of the car.

These covers are chosen by car manufacturers and collectors around the world.

We have a vast library of measurements, however there are still some cars and other vehicles that we do not have accurate information for and therefore we offer a full measuring service which is charged at cost. Please call for further information.

Colours

(swatches available)

- | | |
|--|---|
|  Black |  White |
|  Light Grey |  Old English White |
|  Shiny Silver |  Golden Biscuit |
|  Coal |  Brown |

Fully bespoke

This is the most recent addition to our collection.

Suitable for indoor use only, they are available in five colours: Black, Navy Blue, Guards Red, Bottle Green and Light Grey.

"I write to say how very pleased I am with the above cover for my Corvette; as is my friend in Germany for whom I purchased the same cover for his Mercedes SLK 200"

These Super Soft and Stretchy Indoor Car Covers are the ideal solution for those looking to add a subtle touch of style to their garage without going to the expense of our fully bespoke range. Lycra blended, satin fabric allows the cover to cling to the car whilst its delicate sheen provides an elegant finish. The tightly woven fabric provides excellent protection from dust and other pollutants as well as remaining breathable to prevent any build-up of condensation.

A fully breathable waterproof cover, just for you.

These covers are tailored for your vehicle, using our Ultimate triple-layered nanotechnology fabric, giving you the most advanced outdoor cover money can buy.

"Thank you for this fantastic service, generosity and of course great product, I shall recommend your company to all who ask, totally refreshing bearing in mind the mediocrity accepted by the majority in this country now, many thanks again."

P. Slater, Lincoln.

Our Custom Made Outdoor Covers are fully breathable and may be fitted to a wet or dry car. The strong straps make this an ideal cover for outdoor use, whilst their breathability means it is also suitable for use indoors. Available in a subtle grey colour, each cover is hand made to order for your vehicle for incredible fitted protection.

The world's first semi-custom fit car cover with unique nanotechnology properties.

This incredible fabric is both waterproof and breathable. The soft, stretchy fabric ensures unbeatable care and protection for your car.

"Thank you so much for the Super Soft Ultimate car cover I received. It was so easy to fit and covers my Mercedes R129 perfectly. I am impressed with the cover and your service."

David

This standard fit Ultimate Car Cover is manufactured from our most advanced fabric and is scientifically treated to provide breathability whilst remaining waterproof, strong and stretchy. This amazing cover is available in twelve sizes to fit a huge range of vehicles. Manufactured in a discreet grey, these car covers are suitable for use indoors and outdoors.

Waterproof

Weather resistant and breathable, an ideal outdoor car cover.

Tried and tested for outdoor use, however the breathability and weight of the fabric means this cover is suitable for both outdoor and indoor purposes.

"Thank you for supplying me once again with an outdoor cover for my MGB. The first cover was only damaged from a large falling branch, but after 8 months of being outside over the wettest and coldest winter for many years the car was still in a magnificent condition; your products are obviously the best in the market."
Sheldon, Cricklewood Carriers Cab Company Ltd.

These well-reviewed Lightweight Breathable Car Covers are ideal for cars that are in regular use and are kept either outside or under a partial shelter. The lightweight fabric makes this cover incredibly easy to manage, whilst the breathability of the cover means any water sitting on the car when the cover is put in place will evaporate away through the material.

Showerproof

These covers are specifically designed to protect the cockpit of the car.

The perfect solution for keeping the frost off in the winter, keeping the interior cool in the summer and providing added protection for leaky roofs!

"My Half cover has just arrived for the MX5. What a fantastic service, ordered yesterday and the fit is spot on (thanks for the warning of a snug fit on the Mk3). Once again thanks for solving the problem for me so effectively. I have no hesitation in recommending your products and services and look forward to using your company again."

Andrew T

This small and convenient cover is manufactured from silver polyester, making it waterproof and heat reflective. It has mirror pockets, strong elastic straps and folds easily for storage.

For convertible and cabriolet owners

Our exclusive range of wind deflectors are designed to alleviate the problems of wind-blown hair, poor acoustics and unpleasant cold draughts by deflecting the air over the top of the cockpit of the car when the roof is down. Please ask for more details of model availability, prices and colours.

Prevents air circulating back into the car

Improves acoustics when roof down

Can remain fitted when roof up

Warm air retained in cockpit

No restriction to visibility

Storage bag available

- Fits under the car through eyelets on the cover

OTHER ACCESSORIES AVAILABLE - PLEASE ASK FOR DETAILS

We developed these Reveal Covers to provide a stylish way for car manufacturers, marketing companies and dealerships to present cars at events and vehicle launches around the world.

Our reveal covers can be tailor-made to your requirements and are available in a kaleidoscope of colours and fabrics. They can be fully fitted as per our custom made indoor car covers or loosely shaped to provide a draped cover for a theatrical reveal. Embroidery and screen printing are available to add further branding or a full digital print at any size directly on the material replicating any logo, pattern or design.

By popular demand we have developed a range of reveal covers in either black or silver which we plan to keep in stock at all times ready for next day delivery if no branding is required.

Our car bows add an extra special element to car presentations whether for new car purchases or promotional events. These are available in Bright Red or Royal Blue.

“Classic Additions began when I inherited my grandfather’s Triumph TR5. He bought the car from new in 1968 so I saw the need to develop a car cover that I could trust to safeguard the car from dust and scrapes, as well as a cover that wouldn’t trap moisture against the paintwork. Since the development of our first cover, Classic Additions strive to put our customers and their cars first.”

Adrian Boyes

CLASSIC ADDITIONS

Established in 1989, Classic Additions was formed by Adrian Boyes when his love of cars and motorbikes let him to source and develop a range of covers for all situations. Adrian's first indoor cover remains largely unchanged and is still a best-seller today.

Rapidly the range expanded to include outdoor covers and later, fully bespoke tailor made covers. Our long history of excellence means we can proudly say we partner with some of the most prestigious manufacturers in the world, meaning all of our products are made to the highest standards.

Our 10,000 sq. ft. factory is based in the United Kingdom and gives us the opportunity to offer fully tailor made car covers using the finest fabrics and expert craftsman. From start to finish the dedicated manufacturing team will cut, assemble, embroider and sew your cover to your exact specifications.

Classic Additions boast an extensive library of measurement patterns (the earliest in our records is an 1886 Benz) which allows us to manufacture the majority of covers without having to measure; however in some instances measuring may be required and this can be arranged at a time that suits you.
